## PLEASE READ

We have at the time of going to press quantity offers which would take all of our Nos. 1, 2 and 3 bulbs off our hands subject to our acceptance and confirmation. Rather than let these go at this time and disappoint our customers who have purchased from us for many years, we are offering some of them in this fall list. Subject to fall orders we will endeavor to reserve some of the Nos. 1, 2 and 3 bulbs for our January catalogue based on our probable sales. In some varieties we will sell all of those sizes after December 1 to quantity order customers. Consequently we suggest that wherever possible you order large sizes from this list before that time or we may have none available later this season. This does not apply as yet to the smaller Nos. 4, 5 and 6 sizes or bulblets at this printing but no doubt shall to some varieties a little later in the season.

**OUR JANUARY LIST WILL CONTAIN OVER 200 VARIETIES, INCLUDING  
LEADING NEW AND STANDARDS FROM BEST HYBRIDIZERS OF  
THIS AND OTHER COUNTRIES**

The quality of our bulbs and varieties listed will stand up against those grown by anyone anywhere. Our repeat orders from old customers grow by a heavy percentage every year, the best possible indication of satisfaction.

If out of one size of variety we will substitute next nearest size in stock in proportion to amount ordered.

We have considerably over twice the acreage of Gladiolus planted this year than we have ever had before. Last year we filled every fall order completely. We have bulbs and facilities for handling twice the business this year. You may be assured of liberal treatment and quality bulbs.

# Some Special Fall Offers

**PLEASE ORDER BY NUMBER**

Please take special note that no discounts apply on these collections. Many people enjoy ordering Gladiolus in collections. We have assorted these in such a manner we believe that every collection will provide a fine assortment and a source of much pleasure in any garden. All but one of these collections are in medium sized bulbs, the first collection being a combination of Nos. 1 and 2 sizes. The balance are combinations of sizes 3 and 4 and will give you wonderful blooms throughout. We have received many laudatory comments on the way our medium sized bulb collections bloomed last year and because of the big demand for them last fall are offering some new collections. ## SPECIAL NOTICE

Our planting of planting stock this year is by far the largest we have ever made. We will be glad to give quotations on large quantities of sizes 4, 5 and 6 or bulblets in practically any variety listed. We are certain demands for planting stock will be extra heavy this year due to short crops of bulbs in many sections and we suggest you get your inquiries and orders in early to be assured of your planting stock for the coming year of quality bulbs at right prices. We will quote on large quantities either prepaid or F.O.B. Salem, as fits the wishes of the customer.

Canadian Customers: Please be sure and send permit numbers with your order as well as tag stickers furnished you by your plant quarantine department. Sending both permit and labels at time of order avoids confusion and delays at shipping time.
